Re: Repairs on curbs on Clipper Drive

Dear Homeowner:

As per our letter to the Clipper Drive residents on July 13, 2007, this is to advise that Bindewald & Associates will continue with repairs on the curbs. Work should begin in a couple of days, possibly either Friday, 8/24/07 or Monday, 8/27/07 in front of lots 36a, 34, 33, 32 and 31 on the right side, and lots 2, 3, 4, 5 and 6 on the left, as necessary. (Also, depending on the amount of repairs needed in each area, the work will encompass four or five lots at a time).

Please be aware that, if the area in front of your driveway is repaired, you will **NOT** be able to use your driveway for 48 hours. This will give the cement time to cure, thus reducing the risk of damaging the curb repairs. If you see that repairs have been done to the curbs in between driveways, do not park there. Please alert any visitors you may have to not park on the repaired areas as well for a couple of days after the work is done.

Automatic sprinkler systems will have to be **TURNED OFF** while the workers are in your area. Please call the office with any questions you may have.

Sincerely,

Barbara Zoerner
HOA Administrative Assistant
