Re: New waste collection company/service for Clipper Estates
Subdivision

Dear Homeowners:

This is to advise that, beginning October 1, 2007, we will be using SDT Waste & Debris Services for residential garbage collection, as well as for construction roll off containers and portable toilets. Those of you using CWS dumpsters and portable toilets at the present will be able to complete your projects/contracts with CWS.

At present, the days for garbage collection will be Monday and Thursday. The monthly fee will remain the same through December 31, 2007. Beginning January 1, 2008, the monthly fee will be \$24.00 per month for residential service. Please call the HOA office if you are in need of a construction dumpster and portable toilet as this will be coordinated through the HOA.

SDT will be delivering the new waste receptacles this weekend, with each residence having the proper container no later than Monday, October 1, 2007.

We apologize for the late notice and are working diligently with SDT to make the transition as quickly and seamlessly as possible. In the meantime, thank you for your cooperation and we appreciate your patience.

More information will be forthcoming shortly.
